## Radius Dividing Curtains

The Radius Dividing Curtain system is custom engineered for individual facilities, and is designed to allow a wrap around curtain to enclose a court.

The system features segmented curtains to allow access to the court, and is based on a traditional Essentials style curtain.

Radius curtains like all of the range can be solid mesh or all vinyl, or any combination in between, and are operated by a key switch and electric motor with micro switch height control.

Contact us today for additional information.
