

## Badminton

The SSI sleeve-type badminton system is ideal for competition or recreational use. Uprights are constructed of 38mm square steel tubing which is powder coated with a durable white finish. This system features a removable upright design where the posts are placed in a permanently installed floor sleeve. This system includes an adjustable foot pad to gain accurate net height. Floor sleeves are concealed by our solid brass hinged cover.

Item Includes:

- 2 Sleeve-type Badminton Uprights
- 2 Floor Sleeves
- 2 Hinged Brass Floor Covers
- 1 Badminton Net

Portable Badminton System is an economical and versatile alternative to sleeve-type badminton systems

- Constructed of 38mm square steel-tubed uprights
- Powder-coated white for durability and long life
- Weighted base with T-bar keeps posts rigidly in place
- Solid rubber casters allow quick and easy transport in and out of storage area
- Centre uprights available for multi-court configurations.
