

STADIA 180° SPRING LOADED GOAL

MODEL
BBSG-4000i

For ultimate performance and safety, the Stadia 180° Posilock Spring Loaded Goal is fully compliant with FIBA's international standards, making it the class leader in basketball goals. This innovative goal tilts in multiple directions, responding to the angle of the dunk for superior durability and performance.

- ▶ The Posilock Spring Mechanism provides a positive locking release in all directions as per FIBA rules
- ▶ A smooth spring action setting offers for premium fly-back performance for superior rebound action
- ▶ The unique design allows the goal to break in all directions using even force
- ▶ The full steel wing brace design guarantees optimal rim strength and maximum stability
- ▶ Tube tie net attachment enhances safety
- ▶ Anti-whip net included
- ▶ The goal features an official 450mm ring size

The Stadia 180° Posilock Goal is designed specifically for the Stadia range of FIBA-certified indoor basketball systems.
